

About Us

Rollout is a dynamic and agile designer of bespoke wall coverings for the commercial Architecture and Interior Design trade. We work with a roster of talented artists to refine their ideas into market-ready patterns that can be printed on high-durability substrates for Retail, Hospitality, and Institutional interiors. We work with Sales Representatives to grow our brand, and we liaise with Interior Designers to supply their projects with products from our catalogue. Finally, we coordinate with professional Contractors and Project Managers to ensure that each installation results in delighted clients.

Production Artist

We are currently seeking to fill a mid-level position at the heart of our production process. Reporting to our Project Manager, the Production Artist assists in the preparation of digital files for printing and publication. The ideal candidate will be detail oriented, and possess strong creative intuition combined with solid technical abilities using industry-standard design software.

Duties and responsibilities

- Collaborate with Rollout's staff to generate production assets for a range of web- and print-based output;
- Review design files and ensure they conform to all necessary requirements;
- Ensure consistency of size, resolution, and format across Rollout's entire catalogue of pattern and mural assets;
- Ensure that assigned work is delivered on time, examining final output for clarity, accuracy, and conformance to specifications;
- Suggest improvements to designs, images, fonts, layouts, or processes as they become apparent.

Key Role Requirements

- Proficient in Adobe Creative Suite, specifically Illustrator, Photoshop and InDesign. Rollout predominantly works on a Mac OS platform.
- Minimum 3 years' experience or a combination of a relevant degree plus experience
- Precise attention to detail, with a broad understanding of and experience with colour theory, colour matching, and ICC profiles
- Knowledge of large-format printing and related technology is an asset.
- Knowledge of pattern design and tiling is an asset.
- Comfortable working both independently and as part of a team.
- Ability to ask for clarification, assistance and/or approvals from appropriate staff when the need arises.
- Comfortable with aspects of photography, photo editing and retouching
- Excellent communication skills
- Proactive and solution-focused problem-solving skills
- A positive, professional attitude.
